Vestige FLAX OIL

Good morning!

Do you know, one-fourth of total deaths happen due to heart diseases and more than 50 lakh cases of heart-related diseases occur in India alone?

- 80% of Indians have unbalanced lipid level; 72% have low good cholesterol.^[1]

High cholesterol can:

- Increase blood pressure
- Increase chances of heart diseases
- Cause artery blockages

If a person suffers a heart-related disease, then the entire family suffers and a lot of money goes towards treatment. Hence, start protecting your heart to secure your family's future with Vestige Flax Oil capsules from today.

- Vestige Flax Oil capsules contain 50-60% Omega-3 fatty acids which are known as "good" fats and are essentially good for heart health
- Vestige Flax Oil is a rich source of Vitamin E which has powerful antioxidant properties and provides protection from harmful free radicals
- Vestige Flax Oil capsules help to lower cholesterol level
- Vestige Flax Oil capsules help to prevent the accumulation of fatty deposits inside blood vessels

Dosage: 1 capsule thrice (3 times) daily

Therefore, taking into account the severity of heart-related diseases and the benefits of **Vestige Flax Oil capsules**, you're requested to use it continuously to protect your heart and safeguard your family's future.

Vestige NONI

Good morning!

Our aspiration to live a healthy and better life makes us adopt healthy lifestyle practices, like eating healthy, exercising, avoiding unhealthy practices, etc. But are these enough to gain good health?

A recent study has found that with increased pollution and a constantly changing environment, the air we breathe and the food we eat are all contaminated.

We have to **build our immune system**, which will help us in fighting against infections. Whatever we eat to stay healthy and build a strong immune system it must get absorbed well so that it can reach the bloodstream efficiently.

Vestige Noni helps to build a strong immune system by increasing the absorption of nutrients.

Vestige Noni contains **Xeronine** which enlarges the pores in the walls of the human cells to enable nutrients to enter easily and increase the absorption.

Apart from this, Vestige Noni comes with several benefits like:

- Helps in enhancing immunity
- Has antioxidant properties
- Helps to keep the liver healthy

Dosage: Vestige Noni should be taken 1 to 2 capsules at least twice (2 times) a day half an hour before meals. **Therefore, to boost your immunity by enhancing the absorption of nutrients start consuming the trusted product – Vestige Noni capsules from today.**

Vestige Prime SEA BUCKTHORN

Good morning!

As you know, a proper nutrition-rich diet is vital for a healthy and active life. But is your meal fulfilling your daily nutritional requirements?

We may miss essential nutrients due to:

- Lack of such essential nutrients in our meals
- Poor diet
- Poor absorption

Not only this, many people tend to skip meals due to a busy lifestyle, which leads to impaired food habits, consumption of junk food, and ultimately stress and a sedentary lifestyle.

Vestige Prime Sea Buckthorn is a daily dose for your active life.

Sea Buckthorn is a Himalayan berry that has been used in traditional medicine for restoring health for a long time. Sea Buckthorn is widely used by astronauts as food in space shuttles and the DRDO (Defence Research & Development Organisation) uses this fruit for defence personnel.

It contains vitamins, minerals, amino acids and Omega 3,6,7 & 9 fatty acids. Apart from this, Sea Buckthorn also has more than 190 bioactive compounds and antioxidants.

Vestige Prime Sea Buckthorn helps in:

- *Maintaining high energy*
- *Building stamina*
- *Improving skin quality*

Dosage: 1 capsule twice (2 times) a day

To adopt a healthy life and to stay active, start consuming Vestige Prime Sea Buckthorn capsules everyday.

Vestige Prime METAMIND

Good morning!

In the 21st century, expectations are all-time high and therefore:

- Parents have higher expectations from their children. According to recent studies, only 15% of children get the recommended brain-specific nutrition.
- In today's competitive work environment, even higher education may not be enough.

New skills are required to succeed, including various cognitive skills such as

- Problem-solving ability
- Lateral thinking
- Digital literacy

Vestige Prime Metamind: For a Sharper and Smarter Family

Vestige Prime Metamind contains 100 mg of Phosphatidylserine (PS) and 17 mg of Iron.

Phosphatidylserine is a brain-specific nutrient, which plays an important role in sharpening the mind.

Vestige Prime Metamind offers various benefits like:

- *Improves concentration, memory, attention, learning, behaviour*
- *Improves executive function (day-to-day corporate work)*
- *Improves memory recall and reduces the risk of dementia*

Vestige Prime Metamind is the first-ever FDA (Food and Drug Administration) approved formula of Vestige, and also GRAS (Generally recognised as safe) certified.

Dosage: One tablet daily. For best results consume with a glass of milk.

To turn your family into a sharper and smarter one, switch to Vestige Prime Metamind from today.
