EARNING *Respect* THROUGH WELLTH!

**UPDATED WITH
MONTHLY SCHEMES**

My Dear Vestigians,

I extend my hearty greetings to all of you for helping Vestige triumph and success. Since its inception, Vestige has been growing at a phenomenal rate, thanks to you and your diligence. I am sure, at this pace, Vestige will reach such peaks of success that no other Indian direct selling company has even dreamt of.

Our increasing global presence and our continuously expanding product portfolio testify that Vestige is not going to stop at any point but raise the bar continuously to achieve more. It is this desire to achieve more that drives a person or an organisation towards success. We at Vestige never feel content with our achievements and this is a reason that we never stop surpassing records set by ourselves.

My dear Vestigians, we have one life and so much to achieve. You have already done some incredible things that are unprecedented in the direct selling industry. Now we have to do more, we have to double our efforts so that Vestige can become the world's topmost direct selling company. We have sailed amidst rough weather and faced tough situations to become a veteran player. Now, nothing can be considered impossible for us in Vestige as we ought to bring changes that no one has ever seen in this industry. I hope to see you on higher peaks of success in the future, which inevitably belongs to Vestige.

Wish You Wellth!

Gautam Bali
Managing Director

Growing Globally

Vision

To help people live a life of economic independence on their own terms.

Mission

To grow to a global scale and become the benchmark in direct selling industry.

The Triumphant March of Wellth

When the Indian direct selling industry started its journey in the 1990s, it was dominated by a few foreign companies whose plans and products didn't connect well with the unique demands of the diverse Indian market and the entrepreneurs who took up direct selling as a career.

One of the pioneers of Indian direct selling industry, Gautam Bali took upon himself the task of finding a sustainable solution that can empower direct sellers to experience a total transformation, both in terms of wellness and financial security. His thoughts were translated into action when Mr Bali, along with two seasoned direct selling experts, Kanwar Bir Singh and Deepak Sood, developed a robust business plan and founded Vestige in 2004, a company that brought a wellness revolution in the Indian direct selling industry.

Now, after 17 successful years of excellence, Vestige is considered a pioneer in blending wellness with financial freedom in India. Vestige is now famous for world-class wellness products and a robust marketing plan. This innovative and accumulative marketing plan of Vestige and its focus on wellness triggered the quest for Wellth; wealth earned through wellness.

Vestige is taking the gift of Wellth globally and helping people live a better life. Thousands of aspiring entrepreneurs are prospering every year through the route of Wellth and earning respect in the society.

OMEGA – 3 WITH ASTAXANTHIN

Most of the omega-3 fatty acids in Krill Oil are attached to phospholipids, making them more bioavailable to the body, and allowing omega-3 to be easily absorbed by target organs such as the heart, brain and liver, where they exert their beneficial effects. Vestige Prime Krill Oil is extracted by a proprietary technology, called Multi Stage Oil extraction (MSO®) process, that assures high-quality oil which has superior stability, quality and organoleptic properties.
