MD's Message

My Dear Vestigians,

Good morning to you all!

I always feel extremely delighted to reach out to you with a bunch of good news, for which I have to credit you. In all the 15 years of our existence, your resilience and perseverance have fuelled Vestige's unparalleled growth in the global direct selling industry.

As we cross the Crystal Jubilee milestone, the challenges will be bigger and the achievements will be still bigger in the days to come. We are not only looking to be India's top direct selling company – whose products speak for themselves in terms of quality and effectiveness, whose people epitomise invincibility, resilience and honesty at any point in time, and whose plan brings the unbeatable opportunity to anyone with an appetite for growth and success, – we are also looking to be one of the world's top direct selling companies.

As we continue to deliver on our pledge to provide wellness and success to everyone equally, we have been bringing forth new and innovative products regularly. At the same time, we are using technology to upgrade many of our existing products so that you equally benefit from them and live a healthier life than at present. This year, we have introduced the power of Ganoderma – the king of all mushrooms – in two product ranges. One is our Dentassure Gano Toothpaste, which can be called the Monarch of Healthy Toothpastes, while the other one is our offering in Zeta beverages.

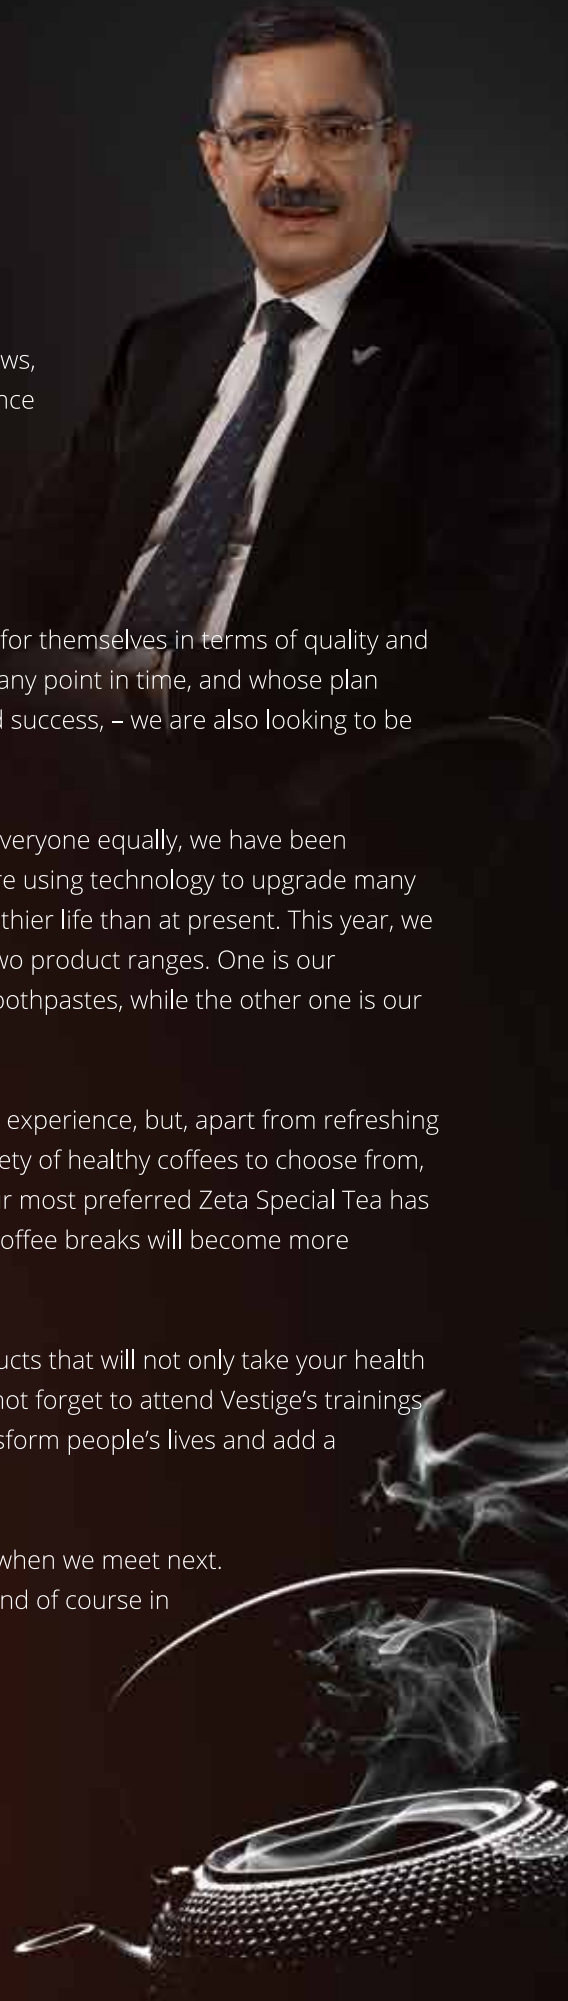

Zeta's Gano Coffee variants will not only make drinking coffee a very different experience, but, apart from refreshing one's senses, they will also add the goodness of Ganoderma. Also, with a variety of healthy coffees to choose from, we can now provide enough options to our customers. At the same time, your most preferred Zeta Special Tea has got an extension and is now available in tea bags. We are sure your tea and coffee breaks will become more interesting and enriched with these new additions.

In the months to come, we will ensure that you will get more innovative products that will not only take your health to the next level but will also help you grow your business exponentially. Do not forget to attend Vestige's trainings and meetings to upgrade your skills and contribute to the endeavour to transform people's lives and add a healthy intervention in each one of them.

I hope to see you grown manifold, in a far better health and overall wellness when we meet next. I wish you all great success in transforming the lives of others, your own life and of course in enriching the overall Vestige journey.

Wish You Wellth!

AVAILABLE NOW

A daily cup to

refresh, rejuvenate & rejoice

The proverb “morning shows the day” is epitomised in the first sip of one’s favourite cup of coffee or tea in the morning.

Unless the sip is rejuvenating, refreshing and reinvigorating, the mind refuses to reboot and adapt to the rhythm of the new day. At least that’s how a large number of tea and coffee lovers feel about the importance of their favourite beverage in their lives.

Research proves that tea and coffee have their unique stimulating powers that help revitalise the body and mind. While caffeine in coffee refreshes the mind and provides stimulation – activating the body’s cells to fight stress or lethargy – the antioxidants in tea rejuvenate the mind and body after waking up from adequate sleep. These beverages act as boosters to the body and mind, keeping one awakened and energised for a long time.

According to a research paper¹, coffee is high in antioxidants and it helps in neutralising free radicals that can cause degradation to cells (associated with premature ageing) and can even contribute to the development of some cancers. Another research paper² talks about how the antioxidants in coffee can help combat non-alcoholic fatty liver, while in one other research³ it was asserted that consumption of coffee reduces the risk of liver cancer and death due to chronic liver diseases.

The Harvard School of Public Health’s (HSPH) Department of Nutrition recently

found⁴ in a study that consumption of coffee can even reduce the chance of type-2 diabetes and can help in increasing insulin secretion. Other researches show the positive impact of tea and coffee on memory, which also helps in fighting Parkinson's Disease in old age.

A recent study⁵ led by researchers from the National University of Singapore (NUS) revealed that regular tea drinkers have better organised brain regions – and this is associated with healthy cognitive function – compared to non-tea drinkers.

Thus, be it the morning breakfast, afternoon meeting or the time to unwind in the evening, a balanced consumption of tea and coffee according to one's preference can have several health benefits and help the body to detoxify itself. By combatting stress, fatigue and dullness with a dose of healthy beverages, one can boost overall health.

Though over-consumption of tea and coffee can have a negative impact on health and is not recommended, the habit of consuming healthy tea and coffee, especially those with healthy natural ingredients added to them to increase their health quotient, can have long-term positive impact on the health of people.

Benefits of drinking tea (not more than 3 cups a day)

- Contains antioxidants
- Good for heart health
- Calorie-free
- Good for immunity

Benefits of drinking coffee (not more than 4 cups a day)

- Helps to improve energy level
- Helps to prevent type-2 diabetes
- Helps with mental health
- May help in protecting liver

My interest in Vestige was amplified long time back, when I tried the products and went through the captivating plan. I didn't delay joining as an independent distributor and ensured that I spend time to create success stories out of my downlines. It has been fantastic thus far and I feel very positive about my progress in Vestige. I can't thank my downlines enough for their dedication; they inspired me to aspire for bigger things in life and propelled my growth to the highest level in the system. I am sure, many of my downlines will be here at the higher echelon of success very soon.

Never before success was this much sweet as it's now when I'm achieving this level of success and accomplishments through the Vestige platform, where my sincere efforts are valued, my thought process is continuously streamlined and my contributions are recognised with galore, I'm so overwhelmed with the Vestige system that I suggest everyone around me to at least opt this opportunity for once in their lifetime and see their life change for better. My experience with Vestige was the best one in my life and I can certainly say there is no other platform like Vestige in this country that can help ordinary people to become extraordinary.

Nothing can beat Vestige when it comes to doing business while maintaining your own independence. When I joined Vestige as an independent distributor, I was sceptical of success in the company. This belief was broken as Vestige proved to be completely different. As I started growing my business, my income started getting better. I have now gained huge respect and it is all because of Vestige. I will always be thankful to Vestige for everything it gave to me.

When you join the direct selling business and make it your sole career and strive for success, people will call your dreams illusiory and will tease you for being "crazy", but remember, if being crazy can bring you unbounded financial independence, then it's better. to be crazy; if being crazy helps us in owning luxury cars or go to foreign destinations on holidays, then being crazy is the best thing. Request all downlines and those who are dreaming to make it big one day through direct selling to never give up, never stop dreaming, but follow the Vestige system religiously and it will never let you fail in your life but help you reach higher echelons of success and self-realisation continuously

I have been into direct selling business since the last ten years. I joined Vestige as a distributor in the year 2012 and with my prior experience in other direct selling companies; I wasn't expecting to achieve much for a while. This thinking proved wrong as with Vestige, I achieved success much sooner than I expected. Today, after achieving success in such a short span of time, I have complete faith in the Vestige system and its robust and resilient marketing plan. ASIF BASHEER

I joined Vestige as an independent distributor because the results of their products were quite impressive. I was also motivated by the earning potential of the platform and decided to take advantage of this fast-growing industry. Vestige is the best platform for young entrepreneurs. Anyone can become a distributor and their world-class training system helped me to achieve my dreams. I am very thankful to Vestige management and my upline and the team for coordinating to achieve this success.

MD SALIM UDDIN

Before joining Vestige as an independent distributor, I worked as a teacher at a high school for more than seven years but I was not satisfied with my career growth. When I learnt about Vestige, the business plan impressed me very much. Vestige gave me a platform to realise my potential and gave wings to my dreams. I have achieved this level of success and there is a significant increase in my income. Vestige also gave me the gifts of both health and wealth.

AJAY KUMAR SINGH

Success in Vestige can be achieved by simply following the mantra of use and share. I was first drawn to Vestige by their affordable and diverse range of products and soon found them to be highly effective. Even now, I regularly purchase products for personal use and continue sharing them with people I meet through the business. This method has brought me success and I will continue following this path.

SMITA SANJAY NEMADE

I am employed as a beautician and suffered from several health issues. After taking Vestige's health supplements, I received positive results and saw an overall improvement in my well-being. Vestige gave me the golden opportunity to create Wellth with its perfect combination of high-quality products and comprehensive business plan. I would like to thank my upline and my team for their continuous and unwavering support. Wish you Wellth.

SUSMITA NAG

I believe my persistence is the reason why I have achieved this level of success and Vestige has only fed my desire to achieve even greater success. Initially, my impression of direct selling was not good as I did not think that one could make a living from it. This perspective drastically shifted once I joined Vestige as an independent distributor and found out that my narrow view of direct selling wasn't the full story. I will certainly aim higher and higher.

RUDRA PRATAP SINGH

After my father passed away in 2007, I was the sole breadwinner in my family. I was providing for my family by doing taking on odd jobs here and there. In June 2015, in the final year of my BSc degree, I joined Vestige as an independent distributor. At the time it was very difficult to start a new business and sustain it, but, as they say, every person needs motivation and inspiration to be successful in their life. Thank you, Vestige, for giving me the means to provide my family with a luxurious life.

HITESH PUNAMCHAND NIKUM

I find it important to offer the very best to my loved ones and Vestige has been an excellent avenue for this. I think that many of us are always on the lookout for quality products which we can trust. Not only are Vestige's products up to standard, but they are also affordable. The comprehensive business plan is a plus too! I find it easy to recommend Vestige to people around me and it is a testament to Vestige's product quality that I have reached this level of success, simply by sharing these products.

SEKH ABDUL AZIZ

I am so glad that I get a chance to provide for my family - and not just their most basic needs, but also beyond that. We all want the luxuries in life and crave for a comfortable future for our loved ones. I find that Vestige addresses all my needs and gives me achievable goals to reach for them. I take great pride in being able to do so through Vestige and, amazingly, I can dream of bigger, better things. Many thanks to my team for their hand in my success.

RANJODH SINGH

I consider myself an enthusiastic fan who takes the concept of Wellth to heart and is dedicated to spreading this message. In my time in Vestige, I think that one of the biggest factors in the enduring success of the organisation is the dedication of us distributors. With all that I have gained while I have been associated with Vestige, I can say with confidence that ours is a two-way relationship. My thanks to my team for taking this journey with me; let's achieve more!

JUELL SK

I am so glad I gave Vestige a chance because I have achieved this level of success within Vestige, simply by following the business plan. Vestige offers you a world of opportunities and has changed my life completely. I heard about the organisation through my respected upline and was thoroughly sceptical about the business plan, but tried my hand at it anyway. Use, share and never stop trying out Vestige's other products; this is what worked for me and I'm sure it will work for you.

LALIT KUMAR TOMAR

I was working in the private sector for 10 years but didn't have a stable career, when I learned about the Vestige business plan, the prospect of fulfilling my dreams and earning a passive income for a lifetime excited me. Vestige has given me financial independence, freedom, family security and, on top of that, a luxurious life. My circumstances have changed completely and I thank my mentor for introducing me to Vestige.

IRFAN AKHTAR

I think that a business can thrive if the product is good and if the audiences agree with that sentiment. I find that this rings true and this is what makes Vestige such a great platform. I have always been interested in entrepreneurship and was always on the lookout for a suitable opportunity. I knew I had hit it big because I found Vestige and was impressed by their business plan. I am very glad to be associated with them.

MANGOL SARKAR

My big dreams have taken a tangible form in Vestige and I feel so lucky to be a part of this family. Big dreamers like me will feel right at home in Vestige. With my current level of success, I have started to feel that some luxuries in life are within my reach - something that previously felt impossible. I thank my upline and downlines for their support and for making my success story possible.

V MATHAMMAL

The Vestige marketing plan has fulfilled all my expectations. I've been fortunate that Vestige has given me the opportunity and given me a platform to bring transformation to many lives and happiness to many homes. The marketing plan, in combination with the excellent products, has contributed immensely to my success and I have nothing but good things to say about them.

PRAHALLAD JANA

I have gained health and wealth and this has been in no small part due to the impressive business plan and the products. It is such a heartening feeling to be in such a position. I am truly grateful to the respect I have earned as an independent distributor of Vestige. I have become a prominent member of the society and my friends and family look to me for advice and encouragement. I thank Vestige for all that it has given me and I will continue giving my all.

PARSHURAM HARIRAM PANDEY

Joining Vestige was a wondrous experience for me because Vestige has given me respect, wealth and wellness. The unique business plan and excellent products helped me to achieve success. I urge my peers to buy, use and share these excellent products. If dedicate yourself to this and continue following the plan to the letter, success will surely find you.

ROBINDRA SWARGIARY

I joined Vestige as an independent product distributor to provide for my family. I attended training sessions and duplicated the system as closely as possible because I was motivated to give in my all. I attribute my success to my personal product consumption as these supplemented my sales and I could provide honest recommendations to people. I would like to thank my upline for motivating and encouraging me.

ZARDAWNGLIANI

I joined Vestige as a distributor because of the winning combination of good quality affordable products and rewarding marketing plan. Now, within a short span of time I've achieved a tremendous amount of success. A large part of this is due to the amazing products and the fan-following they have amongst my loved ones and downlines. Thank you, Vestige, for helping me create Wellth.

MADAN BAIRAGYA

In Vestige, personal product consumption is what helps you experience the product for yourself and form your own opinion. I believe that in a business like direct selling, personal recommendations carry a lot of weight. I have succeeded by consuming the products myself and sharing them with those around me. This way, not only can I expand my business, but I can also convert more people to the power of Wellth.

GOURI GHOSH

I joined Vestige as a distributor because only this company has the winning combination of good quality affordable products and rewarding marketing plan. Now I am in such a respected position and I am in a place where I can give back to my downlines. I give credit to the excellent products for inspiring me and so many others to continue reaching for bigger and better successes.

BASHEER AHMED

I think anyone can achieve success in Vestige if you follow the system and have faith in the management. Vestige has a combination of world-class products, great marketing plan and strong management which is a perfect platform for a bright future. The company has opened new doors of opportunities for me. Thank you, Vestige.

KAILASH CHAND SHARMA

Despite facing many hardships in my life, I never gave up and was always on the lookout for an opportunity which could turn my life around. I offer my eternal gratitude to my respected upline for giving me a new lease on life by introducing me to Vestige. I can provide a comfortable living to my loved ones and I consider this to be one of my biggest achievements. Wish You Wellth!

KISHORBHAI BHANUBHAI BHARBHIDIYA

Vestige has helped me earn respect, fame and recognition and has given me way more than what I could have asked for. Many thanks to Mr Bali and the management team for this revolutionary marketing plan. I strongly believe that Vestige gives you a chance to live your dreams and achieve success in life. I am sure that nothing but better things await me.

SAROJIT BERA

One of the things which struck a chord with me at Vestige is that you become successful by making others successful. I owe my success to my upline and their efforts are what brought me to such a position in life. I pay it forward with my downlines and I aim to bring them up to my level. My life has been changed because of Vestige and I hope to change more lives through my work.

M ANBAZHAGAN

I want to start by thanking Vestige for giving me a chance to earn and improve my lifestyle. I am a regular user of Vestige products and recommended it to those around me as well. Vestige's products are of high quality and are without a doubt, impeccably conceived. This has definitely inspired me and I intend to inspire more people to use these products.

MAINUL HAQUE CHOUDHARY

Within Vestige, there is but a single mission, which says change the lives of others to experience change in your life. This is exactly the sort of advice I would give my team members - to put some time into Vestige and focus on growing their business. Believe me, the returns you get are outstanding. I have reached this level of success through my hard work and I know that I have more to achieve.

SWAPNA CHAKRABORTY

I strongly believe that other than Vestige, there is no company in the direct selling industry that can provide such a strong and reliable platform to their distributors. Vestige doesn't just educate them to achieve success in their lives, it does so by teaching them to help others achieve success too. I had big dreams for my life and Vestige helped me fulfil them. Today, I am a successful woman and it is only because of Vestige.

SUNIL KUMAR MISHRA

My motivation for being an active and thriving independent distributor is Vestige's products. I am a huge fan of their healthcare, health food, etc ranges. This led me to try a wide range of products and I found them to be of excellent quality as well. It was easy to share this with people around me. If I can do it, you can too.

BALJEET SINGH

The comprehensive marketing plan was what first attracted me to Vestige. I believe that one business thrives when there is a proper plan in place, mapping out all the steps one needs to take to ensure continued success. Vestige accounts for the future and indulges in forward-thinking; both these things make it an admirable brand. I am very proud to be a part of the Vestige family and hope to continue my association with this wonderful organisation.

NEERAJ KUMAR VERMA

If asked to pinpoint a date when my life began turning around, it has to be the day my respected upline introduced me to Vestige. I was impressed by the products first as my upline shared a healthcare supplement with me and asked me to try it. I did as asked and ended up liking it so much, I asked about the business plan. Since then, I have religiously purchased my favourite products, informed those near me about their goods and asked them to try some. If I did so, I am sure that you too can reach such heights.

TARIT SARDAR

My respected upline is to be credited for opening my eyes to the endless possibilities in Vestige. I was searching for a platform which could give me the freedom of time while also offering financial independence and Vestige is the only one which provides me with both. I would like to thank my upline for always being patient and encouraging. I also thank my beloved team members for supporting me. Their efforts have been integral in ensuring my continuing success.

VIKASH KUMAR KAUSHIK

In order to become successful in the direct selling world a company must have the right balance between good quality products and a robust marketing plan. Vestige has both and this made my success possible here. I am thankful to my upline for introducing me to this incredible business opportunity and earn respect.

NISHA RAJAK

Vestige is the perfect combination of products which work and a marketing plan that won't let you fail as long as you follow it. I was sceptical of the numerous success stories but soon changed my tune once I saw it working for me. Nothing motivates a person more than positive results, so my smaller successes have driven me to strive for bigger ones. I am very happy to have achieved this level, but I intend to climb higher and higher.

SUSHMA PATHAK

To succeed in the direct selling business, I believe that one mustn't simply share the products, but also be a regular user themselves. Success in Vestige can be achieved by simply following the mantra of use and share. I was first drawn to Vestige by their affordable and diverse range of products and soon found them to be highly effective. Even now, I regularly purchase products for personal use and continue sharing them with people I meet through the business.

SOUMYA CHATTERJEE (DONA CHATTERJEE)

Due to my previous job, I was under a lot of stress and, as a result, my health began suffering. An acquaintance introduced me to Vestige's healthcare products and after seeing them work effectively, I was suitably impressed. I soon learned about Vestige's business plan and wasted little time in joining as an independent distributor.

BHOOP RAM

The term "Wellth" is a special one for me because Vestige has indeed lived up to its beliefs. I have been blessed with wealth by spreading wellness, and it has been such a rewarding experience. I have always wished to have a positive impact on the people around me and this has been granted all thanks to Vestige. I thank my team for always supporting me and making this success story possible. Wish You Wellth.
